## **NEW PRESS RELEASE PROCEDURES**

**OKLAHOMA CITY (March 11, 2022)** – Starting March 14, 2022, all press releases from the Oklahoma County Detention Center Communications Department will now be posted to our website instead of mass emailing. We are making this change to better serve all our media partners by assuring every media member has equal access to the latest information from the OCDC. Currently, press releases are mass emailed using the latest media member contact information on file. This leads to many members of the media not receiving this information because of bounce backs and/or not having up-to-date contact information. Every member of the media (and public) is entitled to public information emanating from the OCDC. To make sure everyone receives our latest releases in a timely manner, we will **only** post them on our website where they will live permanently.

This change does not affect individual media requests for comments or for public information requests. From time to time, on urgent breaking news, we may determine an email notification is warranted along with posting to our website.

Here is the link to the new webpage - [Oklahoma County Detention Center \(okcountycdc.net\)](http://OklahomaCountyDetentionCenter.okcountycdc.net)
